Exploring Science

(Primary & Intermediate)

Students in both the primary and intermediate programs will have fun while learning scientific principles and methods through exploratory activities.

Exploring Writing

(Primary & Intermediate)

Do you have a burning desire to be an author? Primary students will work together to build ideas, frame their thinking and use writing to communicate their thinking in a powerful way.

Intermediate students will be taken through the steps of the writing process in order to further develop their skills in drafting, editing, revising and critiquing their writing.

Fibre Arts & Design

This course will provide opportunities for students to explore a series of fibre related activities which may include spinning wool, bre related

MORNING - Academic Course Descriptions

ONE TUITION-FREE ACADEMIC COURSE PER ELIGIBLE STUDENT

Maker Space

Come and be creative in using a variety of found or repurposed materials to make a variety of structures, creative art pieces and other original ideas. Students will be able to construct their own creations using their own imagination in the design process.

Musical Theatre

Want to learn musical theatre technique? Work on your acting, dancing, and singing skills. Students will put on a mini musical at the end of the program. You don't need experience in all three areas, just a positive attitude and the ability to work and have fun!

Nature Explorations

Come and discover all the fascinating things that can be learned outdoors. Through an integrated approach to learning (Literacy, Math, Science, Art) students will be encouraged to develop an understanding of the connections found in nature.

Performing Arts

Creative expression may be explored through dance, drama and/or visual arts. Students will have the opportunity to communicate their ideas and creativity through some or all of stories, improvisation, music dance choreographies and various art assignments.

Photography

Learn to work with a digital camera to take pictures you will be proud of. Learn the basic operations of the camera, how to shade, light, frame and other techniques to improve the quality of the pictures you take.

Primary French

For students who are currently enrolled in a French Immersion program, this course will continue a variety of fun activities presented in French. STUDENTS MUST HAVE BEEN ENROLLED IN A FRENCH IMMERSION CLASSROOM DURING THE 2023/2024 SCHOOL YEAR.

Rec & Read

Students will enjoy reading activities while enjoying a variety of activities in the great outdoors.

Rec & Write

Students will enjoy writing activities while enjoying a variety of activities in the great outdoors.

Robotics & Design

Using VEX IQ robots and Tinkercad, students will build and program robots as well as a variety of electronic units. This class will focus on building electronics, technology, teamwork and thinking skills.

Robotics - Scratch/Sphero

Using Scratch online coding and Sphero robots, students will work in teams to solve problems, do online animation, program and use robots. This class will focus on building teamwork and thinking skills.

Robotics - VEX IQ

Students will work in teams to build online code, put together and program robots and solve problems. This class will focus on developing technology, teamwork and thinking skills.

MORNING - Academic Course Descriptions

ONE TUITION-FREE ACADEMIC COURSE PER ELIGIBLE STUDENT
Eligible Students: Tuition Free | Fee Paying Students: \$665

Rock Band

Rock out this summer! Play, sing and perform your favourite rock and pop songs. We provide everything you need | guitars, bass, keyboards, drums and microphones for singers!

Sewing

Learn the basics of sewing such as threading the machine, basic stitches, and sewing using woven fabric. Projects will be fun, engaging and practical, and introduce students to the creative world of sewing.

Sports & Rec

Continue to develop your physical abilities through a variety of athletic activities. Skill development, game strategy, physical fitness and recreation opportunities will help you hone your athletic skills.

Woodworking

Learn how to cut, measure, and fasten pieces of wood together. This course teaches you how to safely explore the workshop and all of its possibilities.
